SUGGESTIONS

Always address all communications to **CLINGMAN NURSERY & ORCHARD COMPANY, LIMITED**, and not to individuals.

ORDER NOW. Do not wait until you are ready to plant. Frequently orders sent late cannot be filled in full. Send us your order now; it will be carefully filed, until you desire it shipped. When making out your order, write the full and correct name of the article desired, as given in the catalogue.

NAME AND ADDRESS. Always write your name plainly. A lady should always sign herself Miss or Mrs., and always use the same initials.

Give your post-office, county and state; also street or post-office box number, and the name of your nearest express office.

EXPRESS. In all cases when possible, we advise our customers to have their goods forwarded by express. Plants, trees, etc., are now taken by the leading express companies at a reduction of 20 per cent from the regular merchandise rate.

SHIPPING DIRECTIONS. Give plain and explicit directions for shipping. If by freight, state route. When no directions are given, we shall use our best judgment in forwarding; but in all cases shipments are at purchaser's risk after receipt is taken from the transportation company. Freight and express rates given on application.

PACKING. We have every appliance for packing in the best possible manner. A large force of thoroughly trained men are entrusted with this labor.

MINIMUM ORDERS. We do not accept orders for less than \$2.00.

SECOND SELECTION. We desire to follow our customers' wishes in every particular, and find that the majority wish us to make second selection for them in case it proves impossible to furnish exact variety or grade specified. We are perfectly willing to give them the benefit of our long experience, and shall do so unless otherwise instructed.

RESERVING ORDERS. When purchasers desire these to be reserved for weeks or months after the opening of the shipping season, **they must be paid for in full at the time of ordering.**

ERRORS. We exercise the utmost care in filling orders, but during the rush of the busy season an error is occasionally made, and satisfactory correction will be promptly made upon notification. Keep a copy of your order for comparison. All claims for errors must be made **within five days after receipt of goods**, otherwise they will not be entertained.

RESPONSIBILITY. We have no connection whatever with any other nursery, and our responsibility extends only to persons purchasing direct from us. We also disclaim any responsibility for failure arising from defective planting, or from subsequent faulty treatment or cultivation, and we are not in any respect responsible for any loss or damage arising from any failure therefrom. While we exercise the greatest care to have all of our trees and plants true to name, well-grown and packed in the best possible manner, and hold ourselves in readiness to replace all trees and plants that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor, it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall not in any case make us liable for any sum greater than that originally received for such trees or plants as prove untrue.

REPLACING DEAD TREES. We do not have the planting and care of the trees, hence cannot be held entirely responsible for their failure to live, but will replace all trees that die the first year at **HALF** the original cost price.

SHIPPING SEASON. This usually commences about the first of November, or as soon as the plants are sufficiently dormant to lift with safety, and for all open-ground trees and plants continues until the middle of March, or until the buds begin to swell.

INSECTS AND DISEASES. Our Nurseries are free from disease. Certificate of State Entomologist is attached to every shipment.

VISITORS ARE ALWAYS WELCOME. If notified in advance we will take pleasure in meeting them at the station. Keithville is quite accessible, having ten passenger trains daily.

THE NURSERY GROUNDS comprise a tract of eleven hundred acres unsurpassed for this purpose; the diversity of its soils enabling every class of nursery stock to be grown, and giving that firm texture of wood and abundance of fibrous roots so necessary in successful transplanting.

JUNE BUDDED PEACH TREES—COMMERCIAL SORTS ONLY

We do not recommend these to the average planter. They are "baby" trees, and unless one knows just how to raise them, bring them up, which takes time and a knowledge of what and when to do, we would advise that he buy and plant the "grown up" trees.

Prices of June Budded Peach Trees.

2 to 3 feet, \$10.00 per 100, \$75.00 per 1000.

List of Varieties in June Buds.

Alexander, Victor, St. John, Arps Beauty, Greensboro, Mamie Ross, Slappy, Hiley, Belle of Georgia, Crawfords Late, Elberta, Thurber, Mt. Rose, Stinsons October. Orders for June budded peach must be in multiples of 20, and for not less than 100 trees.

SEEDLING PEACH TREES.

We do not recommend seedlings, in fact we do not consider them worth the time and care that it takes to find out whether you have a good fruit or one that is worthless, but a great many of our customers want and demand them, and to these we will sell genuine seedling trees; but it is understood between the customer and ourselves that we do not pretend to know what they will be until they bear and ripen, and the customer takes all this responsibility. We will not sell them in variety, but simply as SEEDLING PEACH TREES.

Price: 3 to 4 feet, 25c each, \$2.50 per dozen, \$17.50 per 100.

APPLE TREES IN ASSORTMENT**Price of Apple Trees—Standard Varieties.**

LUTIE. Red. Foxy but well flavored, very productive and hardy. July.
SCUPPERNONG. Large brown, skin thick, flesh pulpy, very sweet, musky aroma.

RASPBERRIES

Plant 3 to 4 feet apart in rows 6 feet apart. Deep soil that will retain moisture in a dry season is preferable, the lighter loams for the red varieties, the heavier for the black. Allow 4 to 6 canes to grow from each plant for fruiting; pinch off the canes when 2 1-2 to 3 feet high. Cut out all old canes when bearing season is over, as a cane bears but once. A mulch should be applied the first fall.

Price: 2 year plants. \$1.00 per dozen. \$6.00 per 100.

- GREGG.** Black Cap. Very productive, large size, firm and good.
MAMMOTH CLUSTER. Black Cap. Extra large, delicious flavor, quality best.
CUTHBERT. Red. Fruit large red, of excellent quality, and very prolific.

BLACKBERRIES

Blackberries thrive in almost all soils, but produce best in a strong deep loam that will retain moisture, tending toward clay rather than sand. Plant 2 to 4 feet in rows 8 feet apart.

Price, 2 year plants: 75c per dozen. \$5.00 per 100.

- WILSON'S EARLY.** Large early sort, fine flavor, sweet and good, quality best.
SNYDER. Medium size, juicy, sweet, quality medium, valuable for its extreme hardness.
RATHBURN. Heavy bearer, sweet and of high flavor, seed small.

EARLY HARVEST. Very early and productive, flavor fairly good.

DEWBERRIES

Price 2 year plants. 75c per dozen, \$5.00 per 100.

- AUSTIN'S IMPROVED.** Fruit very large, subacid, vinous, enormous bearer.
LUCRETIA. Hardy and productive, fruit sweet and luscious, no hard core.

GOOSEBERRIES

Price 2 year plants. \$1.00 per dozen, \$7.50 per 100.

- HOUGHTON.** Glossy, pale dull reddish brown, flesh tender, juicy and pleasant.

STRAWBERRIES

No other fruit gives such quick returns on the investment as strawberries. Commercially, they are one of the most profitable crops. It is just as easy to grow your strawberries for home use as your vegetables, and have a plentiful supply, ripe and perfectly fresh. We have discontinued handling these except where they are paid for in advance and shipment made direct to the customer by express or mail, late in October or early in November. They should be planted then to produce a crop the following year.

Price of plants, 1 year. \$1.50 per 100, \$10.00 per 1000.

- MICHEL'S EARLY.** The earliest, very prolific, and of good flavor.
KLONDYKE. Large size, dark red, flavor good, best market sort.
LADY THOMPSON. Large, fine color, extremely hardy, flavor and quality best.
EXCELSIOR. Large, hardy and productive, flavor very good.

We grow nothing but perfect flowering plants.

PECANS

It has been demonstrated that pecans succeed over the entire cotton belt, on both hill and bottom land, and are the most valuable of all nuts grown; and it has been practically demonstrated that pecan growing is a paying investment, but only grafted or budded trees which are well known and meritorious varieties should be planted, and these varieties should have the following qualifications: large size, good flavor, thin shell, easy cracking quality and freedom from disease; furthermore, the purchaser should know that the trees are propagated from grafts or buds taken from reliable sources. Many inferior and bogus trees have been palmed off on the purchaser by unreliable dealers.

Price of grafted and budded Pecan trees:

4 to 5 feet.	\$2.00 each.	\$20.00 per dozen.	\$150.00 per 100.
3 to 4 feet.	1.50 each.	15.00 per dozen.	110.00 per 100.
2 to 3 feet.	1.25 each.	12.50 per dozen.	100.00 per 100.
1 to 2 feet.	1.00 each.	10.00 per dozen.	80.00 per 100.

The 2 to 3 feet and 3 to 4 feet are the best size for transplanting.

STUART. Nut large, shell medium thin, quality best, hardy and productive.

SCHLEY. Large size, shell thin, full kernel, flavor rich, fairly productive.

FROTSCHERS. Medium to large, thin shell, meat sweet and of fine quality.

VAN DAMEN. Nut large, shell quite thin, fine flavor, good quality.

Also Columbia, Centennial, Moneymaker, Delmas and Pabst, but we consider the above varieties best.

SEEDLING PECANS. Louisiana seed. 50c each, \$5.00 per doz., \$30.00 per 100.

WALNUTS

Price, 2 year trees. 50c each. \$5.00 per dozen. \$30.00 per 100.

JAPANESE WALNUT. Shaped somewhat like the butternut, good flavor, very rich, a handsome tree, perfectly hardy.

ENGLISH WALNUT. Nuts large, shell very thin, of excellent quality.

BLACK WALNUT. The old fashioned walnut that we all know.

CHESTNUTS

Price 2 year trees. 50c each. \$5.00 per dozen. \$30.00 per 100.
